### How does this affect me?

Today's web user expects a fast and seamless website experience. Delivering that fast experience can result in increased visits, conversions and overall happiness.

As if you didn't need more incentive, **Google has announced that they are using page speed in their ranking algorithm.**

### About GTmetrix

GTmetrix is developed by the good folks at **CARBON60**, a Canadian hosting company with over 24 years experience in web technology.
